IDRACER C 40

NON-IONIC EMULSION OF CARNAUBA WAX

USE

IDRACER C 40 is a non-ionic emulsion with a high concentration of carnauba wax. Thanks to its non-ionic character it is stable if used in blending with other products with different charge.

It is a particularly versatile product as it can be used in various sectors: from cleaning and polishing wooden floors, thanks to its self-polishing properties as well as protection from dirt and water, to finishing the leather providing excellent fullness and closure. , at the same time giving the finishing a particularly soft and pleasant touch as well as excellent ironing behavior, allowing them to be stacked without any problem
