IDRAFLUO L83/28

WATER-BASED STAIN-RESISTANT PROTECTIVE

APPLICATION

IDRAFLUO L83/28 is a hydro-oleophobic protective that cancels the absorption of oily substances. It forms a non-filming surface barrier. It does not turn yellow and does not alter the appearance and tone of the materials on which it is applied.

USE

Apply the product on a clean surface by spraying and, if necessary, even out the absorption with fleece / brush. It has a reduced drying time (1-2 hours) so, wanting to apply a 2nd coat, this must be given simultaneously with the first. Normally just one hand is enough.

PRODUCT CHARACTERISTICS

| | |
|------------------|--|
| APPEARANCE | : White fluid |
| ACTIVE SUBSTANCE | : ca. 5,0% |
| SPECIFIC GRAVITY | : 1,0 g/L |
| PHASE | : Aqueous |
| pH | : 3,0-5,0 |
| STORAGE | : 12 months. 5 - 35°C. Protect against frost |
| NOTE | : Shake well before use. Do not apply on hot or sun-exposed surfaces |
