IDRACER 340

WAXY EMULSION

USE

IDRACER 340 is a non-ionic emulsion, hard waxes and it is used in finishing of full grain leather and leather sanded to give antique or darkening effects.

Can be used in combination with other auxiliaries in the pre-bottom, favouring after ironing and drumming against effect of the grain, giving a natural and pleasing appearance. It is usually diluted in a ratio of 1:1 or 1:0,5 in water and spray applied to achieve the effect of darkening after drumming.
