IDRACER L1-38

Self-polishing for floors

APPLICATION

IDRACER L1-38 is a self-polishing polish for the maintenance of painted, pre-finished and laminated wooden floors and resin floors. In addition to restoring the original degree of gloss of the floor, it protects the treated surface from the reformation of dirt and scratches.

USE

The product is ready to use.

Before proceeding with the treatment, clean the floor surface with IDRACLEAN L69/12 and allow it to dry completely.

Pour IDRACER L1-38 on the floor and lay out the product with a damp rag, allow to dry completely without polishing. Avoid product accumulation.

SURRENDER

60-80 gr/mq.

Drying time: 30-40 minutes
